## Instructions for setting up a WIFI connection for Android mobile devices in Kozminski University

In order to connect to the ALK WiFi network for students or lecturers on Android devices, follow the steps below.

The first step is to run the device settings. Then, depending on the device, the next step is to go to the "Connections" tab then search for Wi-Fi. If it's off, turn on Wi-Fi

The available wireless networks will appear below. From the displayed list, select the ALK-STUDENCI network. After selecting it, a window will appear in which you must provide login data and enter the required configuration. The login details should look like this:

Login: KU e-mail address (id\_number@kozminski.edu.pl).

Password: This same as other KU IT systems (mailbox, virtual univercity etc.)

## EAP Method: PEAP

## CA Certificate: Don't check
